

MAKE YOUR OWN SUPERHERO CAPE!

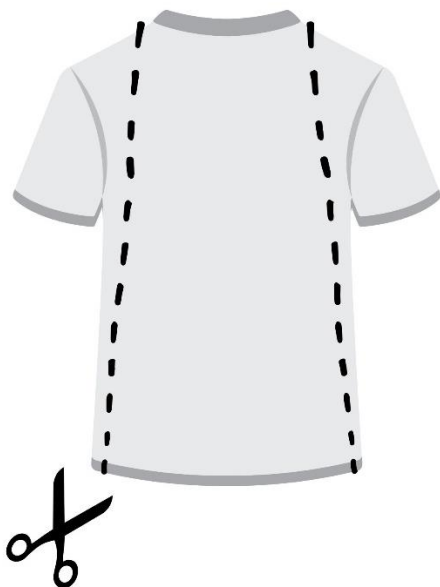

Rosa, Eva and Nelson have superhero capes with special powers of disguise. Wherever the three friends go in history, their capes make them look just like everyone else around them, so no-one can tell that they are actually time travellers.

You'll need:

- An old T-shirt (adult size)
- Scissors - remember they are sharp, and ask a grown-up for help!
- Felt-tip pens, stickers, glitter glue (optional)

Step 1: Lay the T-shirt flat so that the back of the shirt is facing up. Cut along the sides, stopping at the shoulders just next to the collar.

Step 2: Flip the T-shirt over so that the front of the shirt is facing up. Cut around the collar. Be extra careful to only cut the front of the T-shirt!

You should end up with a cape that looks like this:

You can decorate your cape if you want to! You could:

- Draw shapes on it with felt-tip pens (make sure to put some scrap paper under your cape before you start so the colour doesn't seep through!)
- Stick stickers on it
- Decorate it with glitter glue (remember to let the glue dry completely before you wear your cape!)
